During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

The spectacular design of the 100% electric 19_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

CITROËN Origins

CLICK ON THE LOGO TO FIND OUT MORE

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

ELECTRIC OR INTERNAL COMBUSTION

New Citroën ë-Berlingo 100% electric and Citroën Berlingo open the way for you to choose the engine that best suits your lifestyle. Whichever powertrain you opt for, each vehicle offers satisfying levels of interior space, modularity, comfort and practicality.

In addition to the driving pleasure of 100% electric mode, New Citroën ë-Berlingo has zero CO₂ emissions at tailpipe, which means you can drive in low emission zones. It also has substantially reduced running costs, and with a battery range of between 152 to 182 miles (WLTP test cycle, range dependent on use and driving style), it genuinely provides freedom of movement.

POWER
100 KW (136 HP)

50 KWH BATTERY WITH A RANGE

ELECTRIC POWER

The e-Toggle controls the drive mode

With New Citroën e-Berlingo 100% electric, every journey becomes a serene, relaxing experience for everyone on board. On-demand torque ensures smooth acceleration, with no sudden jolts or vibrations whilst driving. The electric motor provides a power output of 100kW (the equivalent of 136 hp) at speeds up to 80mph.

Three driving modes are available to suit the situation: 'Eco' optimises energy consumption by limiting torque and power. 'Normal' provides the best compromise between range and dynamic performance. Finally, 'Power' helps maintain the vehicle's performance when fully loaded.

An e-Toggle switch on the centre console selects the Drive, Neutral & Reverse gearbox functions.

In addition, regenerative braking technology is used to collect energy produced during braking or deceleration, further extending the range of the battery.

BATTERY WARRANTIED FOR 8 YEARS / 100,000 MILES FOR 70% OF ITS CAPACITY.

PETROL OR DIESEL POWER

Citroën Berlingo offers a range of high-performance petrol and diesel engines, designed to suit your lifestyle.

DESIGN

INSPIRING PERSONALITY

Unmistakable from every angle, Citroën Berlingo begins with a high, short bonnet and bold front. The combination of a large windscreen, signature Airbump® panels and contrasting coloured inserts* around elements such as the fog lights creates a real sense of personality. So you can have fresh style and pure practicality all in one.

DESIGNED FOR WELL-BEING

Inside Citroën Berlingo you'll discover space and comfort for everyone. The large windscreen is set well forward and the stylish dashboard helps to emphasise space and light. Soft, tactile materials, inspired by the world of travel and fine furnishings, all add to the relaxing atmosphere. On the move, it's quiet and refined, wherever you're sitting.

The interior has a real peace of mind feel, mixed with intelligent practicality. There's the large Top Box in the upper part of the dashboard. In the upper centre console* you'll find vents designed to improve air conditioning for rear seat passengers. Everywhere there are useful storage areas – for smartphones, drinks and all sorts of personal belongings. Electric windows are now fitted in both the front and rear**.

FLAT FLOOR THINKING

UNCLUTTERED, MODULAR SPACE

All the rear seats fold flat, either separately or together. The result is a flat, usable load space. By folding the front passenger seat down* in XL versions, you have up to 4,000 litres of room, with a load length of more than 3 metres. Neat practical touches are everywhere. The two position parcel shelf can be used to conceal your belongings at the traditional height, or it can be fixed at a lower point. This creates two usable boot compartments – especially as the luggage cover can support up to 25kg. You can easily reach this ‘upper deck’ through the opening rear tailgate screen. When you don’t need it, the luggage cover stows neatly behind the second row seats.

* Depending on version.

CAN BE DEACTIVATED

GRIP CONTROL WITH HILL DESCENT ASSIST*

This is a flexible traction control system that optimises front wheel grip for any road you encounter, with five modes, controlled by a dial on the dashboard. Choose from Standard, Snow, Sand, Mud and ESP OFF for a secure drive, anywhere. Hill Descent Assist inspires confidence on the steepest hill, holding the vehicle at low speed and in perfect control. You can activate this technology from a button on the centre console, and it works in reverse as well as when moving forward.

CAN BE DEACTIVATED

AUTO INTELLIGENT BEAM HEADLIGHTS*

A real bonus for night driving, this feature automatically dips your headlights in certain traffic conditions and when the system detects oncoming cars.

CAN BE DEACTIVATED

FRONT AND LATERAL PARKING SENSORS*

This system's sensors use lines displayed on your 8" touchscreen and an audible alert to keep you safely clear of unseen obstacles.

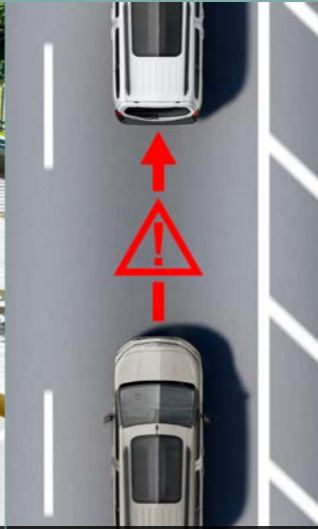

CAN BE DEACTIVATED

ELECTRONIC PARKING BRAKE*

The Electronic Parking Brake is applied automatically when you switch off the engine and releases when you move away. Alternatively you can simply control it using the dedicated paddle.

CAN BE DEACTIVATED

ADAPTIVE CRUISE CONTROL*

A real safety innovation, the system uses a camera to detect the car in front and maintain your selected safe distance. The STOP function (also available with the EAT8 gearbox) stops the car completely to avoid collisions.

Not available on e-Berlingo

HILL START ASSIST

An aid to safe, smooth driving, this feature prevents the car from rolling back on a hill when the brake pedal is released. The system works on gradients over 3% and keeps you stationary for about 2 seconds – plenty of time to move calmly from brake pedal to accelerator.

180° COLOUR REVERSING CAMERA*

Engage reverse and the touchscreen will display the rear of the vehicle, together with coloured lines to show you how far away any obstacles are. You also get a clear 180° rear view of the surroundings. As obstacles get closer, the camera automatically zooms in on them, helping your manoeuvres go smoothly.

KEYLESS ENTRY AND START*

Lock, unlock and start your vehicle without having to get your key out – it's a real bonus when you've got lots to carry.

* Driving Assistance Aid Systems vary by version - consult your local Citroën retailer for more details.

ELECTRIC INFORMATION AT YOUR FINGERTIPS

New Citroën ë-Berlingo 100% electric has been designed with a singular priority: to make everyday use easy. Instruments continuously display battery charge status and show the power consumption of on-board electrical equipment such as the heating and air conditioning.

An 8" touchscreen also provides a range of information including an "Energy" section which groups together all of the information dedicated to the special electrical features of New Citroën ë-Berlingo: energy flows, battery charge level, your consumption statistics and details of deferred charging.

Energy flow: view the operation of the electrical technology.

Statistics: know your electrical consumption and optimise your driving.

Deferred charging: programme charging to start at the time of your choice.

CHARGING OPTIONS

There are a number of flexible charging options for your New Citroën ë-Berlingo 100% electric. Charging via a Wallbox or a Rapid Charging terminal are amongst the most rapid.

A Wallbox can be installed at your home or workplace. A full charge takes approximately 7.5 hours using a 7.4kW charge point, or 5 hours using a 11kW charge point (with optional 11 kW On Board Charger).

A 100 kW rated Rapid (DC) Charger, commonly found at a service station, can deliver an 80% charge in approximately 30 minutes.* (Cables for these chargers are tethered to the charge point).

Whilst it is possible to charge your New ë-Berlingo 100% electric via a domestic 13A single phase AC supply, it only offers a limited speed, with a full charge taking between 24 and 28 hours. Because of this, Citroën UK does not recommend this as a regular method of charging. It is possible to purchase a domestic charging cable as an accessory from your local Citroën retailer for occasional charging from a 3-pin socket.

To make charging worry-free and easier for our customers, Citroën has partnered with Pod Point (for Wallbox installations) and BP Pulse (a public charging network). Please ask your Citroën retailer for full details of these programmes as well as details of available grants and conditions of eligibility.

* The vehicle will rapid charge at a rate of up to 100kW, depending on the power of the rapid charging station used and will take longer to charge at a lower power. Between 15-80% of the vehicle's charge in 30 minutes from a 100kW charger.

⁽¹⁾ The fuel consumption, CO₂ emissions and range figures mentioned comply with the WLTP test procedure, on the basis of which new vehicles are type approved from 1 September 2018. This WLTP procedure replaces the European drive cycle (NEDC), which was the test procedure used previously. Due to more realistic test conditions, the fuel consumption and CO₂ emissions measured under the WLTP are, in many cases, higher compared to those measured under the NEDC. The fuel consumption, CO₂ emissions and range figures may vary depending on actual conditions of use and on different factors such as: charging frequency, driving style, speed, specific equipment, options, format of tires, outside temperature and thermal comfort on board the vehicle. Please contact your retailer for further information. For more information please visit [citroen.co.uk](https://www.citroen.co.uk)

DIMENSIONS

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• CITROËN ASSISTANCE

Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

* 2 years' unlimited warranty. No-fee customer option of 1 year's retailer provided warranty, only on cars sourced from Citroën UK Limited. Note: Retailer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

• CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën retailer or Citroën Authorised Repairer.

• CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën retailer.

• CITROËN MOT TEST

Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën retailer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

DOWNLOAD THE MYCITROËN APP

on your smartphone and benefit from information and services personalised to your Citroën vehicle.

DOWNLOAD THE SCAN MY CITROËN MOBILE APP

Get all the vital information at your fingertips. Scan features and components and access details of the exact new Citroën that you're interested in.

RATE, SUBMIT AND SHARE YOUR OPINION ABOUT YOUR VEHICLE

or a Citroën retailer when purchasing or servicing your vehicle. Ratings and reviews are published on the Citroën website.

BP PULSE

We've partnered with bp pulse, the largest public charge network in the UK, to offer Citroën customers buying a brand new electric vehicle a 6 month free subscription to bp pulse. This offers access to a wide range of public charging points, many of which do not incur any extra charge for electricity used.

Citroën prefers Total - Note: Images and specification descriptions are dependent on trim level and options specified. Every endeavour has been made to ensure that the information and details contained in this brochure were accurate at the time of going to press. However the company reserves the right, whilst preserving the essential characteristics of the models described, to introduce at any time modifications, changes of details, equipment or accessories. Every effort will be made to bring this brochure up to date, but in order to avoid any misunderstanding please consult your retailer. Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.

ECONOMY ¹ Litres/100km (mpg) (Official Government test fuel consumption figures)				
Low	7.8 - 7.2 (36.4 - 39.3)	8.6 - 7.9 (32.9 - 35.9)	5.9 - 5.1 (48.2 - 55.3)	5.8 - 5.0 (48.5 - 56.2)
Medium	6.9 - 5.8 (40.9 - 48.3)	7.3 - 6.2 (38.6 - 45.6)	5.5 - 4.5 (51.7 - 62.8)	5.5 - 4.6 (51.8 - 61.7)
High	6.4 - 5.3 (43.9 - 53.1)	6.6 - 5.5 (43.1 - 51.5)	5.1 - 4.2 (55.3 - 66.8)	5.2 - 4.3 (54.3 - 65.4)
Extra High	8.3 - 6.7 (34.1 - 42.1)	8.5 - 6.9 (33.2 - 40.7)	6.8 - 5.7 (41.6 - 49.5)	6.7 - 5.7 (41.9 - 49.5)
Combined	7.4 - 6.2 (38.4 - 45.8)	7.7 - 6.5 (36.8 - 43.7)	5.9 - 4.9 (48.0 - 57.4)	5.9 - 5.0 (48.0 - 57.0)
CO₂ EMISSIONS (g/km)	150 - 167	156 - 173	139 - 154	142 - 154
WEIGHTS (kg) Please note: the maximum plated weights must not be exceeded				
Kerb weight	1495	1525	1430	1540
Mass in service	1656	1686	1620	1704
Max laden weight (GVW)	2240	2270	2120	2310
BRAKES Front/Rear	Discs/discs	Discs / discs	Discs / discs	Discs / discs
STEERING				
Turning circle between kerbs (m)	11.5	11.5	11.5	11.5
Number of turns lock to lock	2.95	2.95	2.95	2.95
FUEL TANK CAPACITY Litres	60 (13.2)	60 (13.2)	53 (11.7)	53 (11.7)
EXTERIOR DIMENSIONS (mm)				
Length	4753	4753	4753	4753
Width (Inc mirrors folded and unfolded)	1921 / 2107	1921 / 2107	1921 / 2107	1921 / 2107
Height	1849	1849	1849	1849
Wheelbase	2975	2975	2975	2975
BOOT VOLUMES (Litres)				
Seats up - below parcel shelf max (litres VDA)	209	209	209	
Max with seats folded	3500	3500	3500	

CITROËN BERLINGO & ë-BERLINGO

TECHNICAL SPECIFICATION ELECTRIC M & XL VERSIONS

Models produced from 1 October 2021.

	100 kW Battery Electric Vehicle	100 kW Battery Electric Vehicle
ELECTRIC MOTOR		
Motor Power	100 kW / 136 hp	100 kW / 136 hp
Maximum Torque (Nm @ RPM)	260 @ 3674	260 @ 3674
Operating Voltage	400	400
TRACTION BATTERY		
Battery capacity (kWh)	50	50
Battery voltage (V)		
TRACTION BATTERY WARRANTY	8 years / 100,000 miles for 70% capacity	8 years / 100,000 miles for 70% capacity
ONBOARD CHARGER	7.4 kW single phase (11 kW three-phase optional)	7.4 kW single phase (11 kW three-phase optional)
Charging port	Combined CCS / Type 2	Combined CCS / Type 2
ESTIMATED CHARGING TIMES		
Rapid charge to 80% on 100 kW DC charger via CCS	30 min	30 min
Accelerated charge via 32 A wallbox - single phase AC	7.5 hours	7.5 hours
Slow charge via domestic 13A socket - single phase AC	> 24 hours	> 24 hours
TRANSMISSION TYPE	Single speed automatic transmission with Brake Mode	Single speed automatic transmission with Brake Mode
PERFORMANCE (All values for driver alone)		
Max speed (mph)	84	84
0-62mph (secs)	TBC	TBC
Standing 1000m (secs)	TBC	TBC
RANGE (Miles - WLTP)		
Combined	174	174
ELECTRICITY CONSUMPTION (Wh/km)	187-227	187-227
CO ₂ EMISSIONS at tailpipe (g/km) - WLTP - standard versions	0	0
WEIGHTS (kg)		
KERB WEIGHT	1664	1801
Mass in service	1834	1923
Gross vehicle weight	2290	2440
Max towing weight braked/unbraked	750/750	750/750
BRAKES		0
STEERING		
Number of turns lock to lock	2.95	2.95
EXTERIOR DIMENSIONS (mm)		
Length	4403	4753
Width (Inc mirrors folded and unfolded)	1921 / 2107	1921 / 2107
Height	1844	1849
Wheelbase	2785	2975
Front Overhang	892	892
Rear Overhang	726	886
Front Track	1563	1563
Rear Track	1577	1577
BOOT VOLUMES & DIMENSIONS		
Seats up - below parcel shelf max (litres VDA)	775	209
Max with seats folded	3000	3500
